

PURPOSES

Create new and better concepts using design patterns and best practices for application development. Working together with a team focused on better solution for applications, independent of the language used and the plataforma that the system will be used.

GRADUATION

Universidade Positivo
2011 Bachelor in Information Systems

- ♦ Course Completion Assignment – HTML5 Study on the future web standard

CURSOS

Aldeia Coworking
2013 – Information Architecture
2013 – HTML5 Workshop

TechResult

- ♦ 2011 – Developing web applications with Visual Studio 2010

CERTIFICAÇÃO

Microsoft Corporation
2012 – Programming in HTML5 with Javascript and CSS3 Specialist

EXPERIENCE

CINQ Technologies

♦ Curitiba

Systems Analyst 09/2014 – Current

Internacional project's for airline industry, web system using DOJO, TheIntern!, NodeJS
Scrum methodology with daily meetings with staff in Atlanta

Systrac Soluções e Serviços de Informática

♦ Curitiba

Systems Analyst 03/2012 – 06/2014

Creating systems for tracking and vehicle logistics in real time
Development of systems architecture

Softdib Informática Ltda.

♦ Curitiba

Senior Web Developer 03/2011 – 03/2012

Developing na web interface for ERP developed in COBOL
Standardization of code
Maintenance of legacy systems

FBITS Desenvolvimento de Software Ltda.

♦ Curitiba

Junior Web Developer 04/2009 – 07/2010

Maintenance of e-commerce, social networking and web partnerships systems

SKILLS

Programming languages

- ♦ C#, VB, PHP, Java, Javascript, studying Python

Markup languages

- ♦ HTML, HTML5, XML

Design Patterns

- ♦ Grasp, GoF

General knowledge

- ♦ UML
- ♦ Systems Architecture
 - ♦ Accessibility
 - ♦ Usability
- ♦ User Experience

Library e frameworks

- ♦ Bootstrap
- ♦ KnockoutJS
- ♦ jQuery
- ♦ DOJO
- ♦ The Intern
- ♦ NodeJS
- ♦ Angularjs
- ♦ .NET
- ♦ Entity Framework
- ♦ Silverlight

Versioning

- ♦ Subversion
- ♦ Team Foundation System
- ♦ GitHub
